Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Tuesday 21 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mainly dry and somewhat brighter on Wednesday, rain later.

This Evening and Tonight:
A dry night for most, cloudy across southern and central parts, but clear spells and some frost developing in the north. Rain or showers over the Northern Isles.

Wednesday:
Mostly dry in the morning, some brightness breaking through. Rain and hill snow will spread into the south and west in the afternoon and into the north by evening.

Outlook for Thursday to Saturday:
Widespread rain with some higher ground snow on Thursday. Becoming mainly dry and cold on Friday and Saturday, some wintry shower in the northeast.
